INFORMATION CIRCULAR – PROXY STATEMENT

**FOR THE ANNUAL AND SPECIAL MEETING
TO BE HELD ON MAY 22, 2014**

SOLICITATION OF PROXIES

This Information Circular - Proxy Statement is furnished in connection with the solicitation of proxies by the management of Crew Energy Inc. (the "**Corporation**" or "**Crew**") for use at the Annual and Special Meeting of the shareholders of the Corporation (the "**Meeting**") to be held on the 22nd day of May, 2014 at 3:00 p.m. (Calgary time) in the Bow River Room/Bow Glacier Room, 3rd Floor, 250-5th Street S.W., Centennial Place, West Tower, Calgary, Alberta and at any adjournment thereof, for the purposes set forth in the Notice of Annual and Special Meeting of Shareholders. **Instruments of Proxy must be deposited at the offices of Valiant Trust Company, Suite 310, 606 – 4th Street S.W., Calgary, Alberta T2P 1T1, or by Facsimile to (403) 233-2857, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for the holding of the Meeting or any adjournment thereof.**

The board of directors of the Corporation (the "**Board**") has fixed the record date for the Meeting at the close of business on April 14, 2014 (the "**Record Date**"). Shareholders of the Corporation of record as at the Record Date are entitled to receive notice of the Meeting and to vote those shares included in the list of shareholders entitled to vote at the Meeting prepared as at the Record Date, unless any such shareholder transfers shares after the Record Date and the transferee of those shares, having produced properly endorsed certificates evidencing such shares or having otherwise established that he owns such shares, demands not later than 10 days before the Meeting, that the transferee's name be included in the list of shareholders entitled to vote at the Meeting, in which case such transferee shall be entitled to vote such shares at the Meeting.

Registered shareholders may also use the internet site at www.valianttrust.com to transmit their voting instructions. Shareholders should have the form of proxy in hand when they access the web site and will be prompted to enter their Control Number, which is located on the form of proxy. If Shareholders vote by internet, their vote must be received not later than 3:00 p.m. (Calgary time) on May 20, 2014 or 48 hours prior to the time of any adjournment of the Meeting. **The website may be used to appoint a proxy holder to attend and vote on a shareholder's behalf at the Meeting and to convey a shareholder's voting instructions. Please note that if a shareholder appoints a proxy holder and submits their voting instructions and subsequently wishes to change their appointment, a shareholder may resubmit their proxy and/or voting direction, prior to the deadline noted above. When resubmitting a proxy, the most recently submitted proxy will be recognized as the only valid one, and all previous proxies submitted will be disregarded and considered as revoked, provided that the last proxy is submitted by the deadline noted above.**

The instrument appointing a proxy shall be in writing and shall be executed by the shareholder or the shareholder's attorney authorized in writing or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The persons named in the enclosed form of proxy are directors and/or officers of the Corporation. Each shareholder has the right to appoint a proxyholder other than the persons designated in the proxy, who need not be a shareholder, to attend and to act for the shareholder at the Meeting. To exercise such right, the names of the nominees of management should be crossed out and the name of the shareholder's appointee should be legibly printed in the blank space provided.

Unless otherwise stated, the information contained in this Information Circular – Proxy Statement ("**Information Circular**") is given as at April 18, 2014.

BENEFICIAL HOLDERS OF SHARES

The information set forth in this section is provided to beneficial holders of common shares ("**Common Shares**") of the Corporation who do not hold their Common Shares in their own name ("**Beneficial Shareholders**"). Beneficial Shareholders should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of shares can be recognized and acted upon at the Meeting. If shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then in almost all cases those shares will not be registered in the Beneficial Shareholder's name on the records of the Corporation. Such shares will more likely be registered under the name of the Beneficial Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominees for many Canadian brokerage firms). Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting shares for their clients. The Corporation does not know for whose benefit the shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. formerly ADP Investor Communications ("**Broadridge**"). Broadridge typically provides a scannable voting request form or applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the voting request forms or proxy forms to Broadridge. Often Beneficial Shareholders are alternatively provided with a toll-free telephone number to vote their shares. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder receiving a voting instruction request or a proxy with a Broadridge sticker on it cannot use that instruction request or proxy to vote Common Shares directly at the Meeting as the proxy must be returned as directed by Broadridge well in advance of the Meeting in order to have the shares voted. Accordingly, it is strongly suggested that Beneficial Shareholders return their completed instructions or proxies as directed by Broadridge well in advance of the Meeting.**

Although a Beneficial Holder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker (or agent of the broker), a Beneficial Holder may attend at the Meeting as proxyholder for the registered shareholder and vote Common Shares in that capacity. Beneficial Holders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

The Corporation will be delivering proxy-related materials to non-objecting Beneficial Shareholders directly with the assistance of Broadridge and intends to pay for intermediaries to deliver proxy-related materials to objecting Beneficial Shareholders.

REVOCABILITY OF PROXY

A shareholder who has submitted a proxy may revoke it at any time prior to the exercise thereof. If a person who has given a proxy attends personally at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the shareholder or the shareholder's attorney authorized in writing deposited either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof, and upon either of such deposits, the proxy is revoked.

PERSONS MAKING THE SOLICITATION

The solicitation is made on behalf of the management of the Corporation. The costs incurred in the preparation and mailing of the Instrument of Proxy, Notice of Annual and Special Meeting and this Information Circular - Proxy Statement will be borne by the Corporation. In addition to solicitation by mail, proxies may be solicited by personal interviews, telephone or other means of communication and by directors, officers and employees of the Corporation, who will not be specifically remunerated therefor.

EXERCISE OF DISCRETION BY PROXY

The shares represented by proxy in favour of management nominees shall be voted on any ballot at the Meeting and, where the shareholder specifies a choice with respect to any matter to be acted upon, the shares shall be voted on any ballot in accordance with the specification so made.

In the absence of such specification, the shares will be voted in favour of the matters to be acted upon. The persons appointed under the Instrument of Proxy furnished by the Corporation are conferred with discretionary authority with respect to amendments or variations of those matters specified in the instrument of proxy and Notice of Annual and Special Meeting. At the time of printing this Information Circular - Proxy Statement, management of the Corporation knows of no such amendment, variation or other matter.

MATTERS TO BE ACTED UPON AT THE MEETING

Election of Directors

At the Meeting, shareholders will be asked to fix the number of directors to be elected at the Meeting at five members and to elect five directors to hold office until the next annual meeting or until their successors are elected or appointed. There are currently five directors of the Corporation, each of whom retire from office at the Meeting.

Unless otherwise directed, it is the intention of management to vote proxies in the accompanying form in favour of an ordinary resolution fixing the number of directors to be elected at the Meeting at five members and in favour of the election as directors of the five nominees hereinafter set forth. The accompanying form of proxy provides for individual voting on directors.

John A. Brussa	Dennis L. Nerland
Dale O. Shwed	Jeffery E. Errico

The names of the proposed nominees, together with their province and country of residence, age, period served as a director, the number of voting securities of the Corporation beneficially owned, or controlled or directed, directly or indirectly, the offices held in the Corporation, membership on committees of the Board of Directors and principal occupations for the past five years of each nominee are set forth below.

Majority Voting Policy for Directors

The Board has adopted a Majority Voting Policy stipulating that in the event that any nominee for election to the Board receives a greater number of "withheld" votes than "for" votes at any meeting in which shareholders vote on an uncontested election of directors, the nominee will submit his or her resignation promptly following the meeting for consideration. Our Corporate Governance Committee, which also serves as Crew's Nominating Committee, will promptly thereafter make a recommendation to the Board whether to accept or reject the resignation. The Board's decision, including the reasons for such decision, will be disclosed by press release as soon as practicable and, in any event, within 90 days following the applicable meeting of shareholders. In determining whether to accept or reject the tendered resignation, the Board will assess the factors considered by the Corporate Governance Committee and any additional information and factors the Board believes to be relevant. Any director who tenders his or her resignation pursuant to the Majority Voting Policy will not participate in the Corporate Governance Committee's recommendation or the Board's consideration whether to accept or reject the tendered resignation or any meetings in respect thereof. If the Board determines to accept the resignation, the Board may determine in its discretion, upon recommendation of the Corporate Governance Committee, whether to fill the resulting vacancy or to continue with the reduced size of the Board until the next annual meeting of shareholders.

Board Tenure

Crew does not have a policy for term limits for directors. We believe that it is critical that the directors understand our industry and our business and this requires a certain length of tenure on the Board. Long-term directors accumulate extensive company knowledge while new directors bring new experience and perspectives to the Board. It is important to achieve an appropriate balance of both to ensure the effectiveness of the Board. We believe we have achieved such a balance with the current and proposed members of the Board.

Share Ownership Guidelines

In order to align the interests of directors and shareholders of the Corporation, the Board has adopted share-ownership guidelines for the President and Chief Executive Officer and the independent directors of Crew. The President and Chief Executive Officer is required to own and maintain, directly or indirectly, a minimum number of Common Shares (inclusive of the number of Common Shares underlying Restricted Awards, if any) representing a value of not less than one (1) times his annual salary. Each non-management director is required to own and maintain, directly or indirectly, a minimum number of Common Shares having a value of not less than five (5) times the annual cash retainer payable to such directors for services rendered to the Corporation. The prescribed ownership levels shall be attained within a period of two (2) years from the date of appointment of the individual or the date the guidelines were approved by the Board, being March 6, 2013, whichever is later. As at December 31, 2013, and as outlined in the previous pages, all individuals currently meet or exceed the minimum share ownership guidelines.

Additional Disclosure Relating to Proposed Directors

To our knowledge, other than disclosed herein, no proposed director: (i) is, or has been in the last 10 years, a director, chief executive officer or chief financial officer of an issuer (including the Corporation) that, (a) while that person was acting in that capacity was the subject of a cease trade order or similar order or an order that denied the issuer access to any exemptions under securities legislation, that was in effect for a period of more than 30 consecutive days (collectively, an "**order**"), (b) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer, chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer, or (c) while that person was acting in the capacity or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or (ii) has, within the last 10 years, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangements or compromises with creditors, or had a receiver, receiver manager or trustee appointed to hold his or her assets; or (iii) has been subject to: (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

On December 9, 2013, Alston Energy Inc., a corporation of which Mr. Nerland is a director, filed for protection under the *Companies' Creditors Arrangement Act* (Canada) ("**CCAA**"). The CCAA order remains in effect as at the date hereof.

Appointment of Auditors

Unless otherwise directed, it is management's intention to vote the proxies in favour of an ordinary resolution to re-appoint the firm of KPMG LLP, Chartered Accountants, to serve as auditors of the Corporation until the next annual meeting of the shareholders and to authorize the directors to fix their remuneration as such. KPMG LLP have been the Corporation's auditors since the formation of the Corporation.

Approval of Advance Notice By-law

Background

On April 16, 2014, the Board approved the adoption by the Corporation of By-Law No. 2 regarding advance notice of nominations of directors of the Corporation (the "**Advance Notice By-law**"). A copy of the Advance Notice By-law is attached to this Information Circular as Appendix C.

Purpose of the Advance Notice By-law

The purpose of the Advance Notice By-law is to provide Shareholders, the Board and management of the Corporation with a clear framework for director nominations to help ensure orderly business at Shareholder meetings. Among other things, the Advance Notice By-law fixes a deadline by which you must submit director nominations to the Corporation prior to any annual or special meeting of Shareholders. It also specifies the information that a nominating Shareholder must include in the notice to the Corporation in order for any director nominee to be eligible for election at any annual or special meeting of Shareholders.

The directors of the Corporation are committed to:

- (a) facilitating an orderly and efficient annual general or special meeting process;
- (b) ensuring that all Shareholders receive:
 - (i) adequate notice of director nominations; and
 - (ii) sufficient information in advance of an annual general or special meeting with respect to all director nominees and the ownership interests (including derivatives, hedged positions and other economic incentives and voting interests) of the nominating Shareholder in order to assess the qualifications of the proposed nominees for election to the Board and the nature of the nominating Shareholder's interest in the Corporation; and
- (c) allowing Shareholders to register an informed vote having been afforded reasonable time for appropriate deliberation.

Summary of Terms of the Advance Notice By-law

The Advance Notice By-law provides that advance notice to the Corporation must be made in circumstances where nominations of persons for election to the Board are made by Shareholders other than pursuant to: (a) a "proposal" made in accordance with the *Business Corporation's Act (Alberta)* (the "**ABCA**"); or (b) a requisition of a meeting made pursuant to the ABCA.

The Advance Notice By-law fixes a deadline by which Shareholders must submit director nominations to the Corporate Secretary of the Corporation prior to any annual or special meeting of Shareholders and outlines the specific information that a nominating Shareholder must include in the written notice to the Corporate Secretary of the Corporation for an effective nomination to occur. No person nominated by a Shareholder will be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of the Advance Notice By-law.

In the case of an annual meeting of Shareholders, notice to the Corporate Secretary of the Corporation must be made not less than thirty (30) days and not more than sixty-five (65) days prior to the date of the annual meeting; provided, however, that in the event that the annual meeting is to be held on a date that is less than fifty (50) days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the tenth (10th) day following such public announcement. In the case of a special meeting of Shareholders (which is not also an annual meeting), notice to the Corporation must be made not later than the close of business on the fifteenth (15th) day following the day on which the first public announcement of the date of the special meeting was made.

The Board may, in its sole discretion, waive any requirement of the Advance Notice By-law.

Confirmation and Approval of Advance Notice By-law by Shareholders

In accordance with the ABCA, the Advance Notice By-law is in effect until it is confirmed, confirmed as amended or rejected by Shareholders at the Meeting, and if confirmed or confirmed as amended, the Advance Notice By-law will continue in effect in the form in which it is so confirmed. If Shareholders reject the confirmation of the Advance Notice By-law at the Meeting, it will thereafter cease to have effect. For greater certainty, the Corporation's existing bylaws are not impacted by the Advance Notice By-law and will continue in effect, unamended.

In order for the Advance Notice By-law Resolution to be passed, it must be approved by a simple majority of the votes cast by Shareholders who vote in person or by proxy at the Meeting on such resolution.

At the Meeting, Shareholders will be asked to approve the following by ordinary resolution (the "**Advance Notice By-law Resolution**"):

*"BE IT RESOLVED, as an ordinary resolution of the Shareholders of Crew Energy Inc. (the "**Corporation**") that:*

- 1. the Advance Notice By-law, in the form attached as Appendix C to the Information Circular of the Corporation dated April 18, 2014 is hereby adopted and confirmed as a By-law of the Corporation;*
- 2. any one director or officer of Crew be and is hereby authorized and directed to do all things and to execute and deliver all documents and instruments as may be necessary or desirable to carry out the terms of this resolution; and*
- 3. notwithstanding the passing of this resolution by the Shareholders, the Board of Directors of the Corporation may revoke this resolution before it is acted upon, without further approval of the Shareholders, if the Board of Directors determines, in its sole and absolute discretion, that such revocation is in the best interests of the Shareholders."*

Unless a Shareholder indicates otherwise, the voting rights attached to the Common Share represented by the proxy given to our management will be voted IN FAVOUR of the Advance Notice By-law Resolution. If no choice is specified by a Shareholder in the enclosed instrument of proxy to vote either for or against the Advance Notice By-law Resolution, the persons whose names are printed in the enclosed instrument of proxy intend to vote for the Advance Notice By-law Resolution.

Compensation Committee Mandate

The Compensation Committee formulates and make recommendations to the Board in respect of compensation issues relating to directors, officers and employees of the Corporation. Without limiting the generality of the foregoing, the Compensation Committee has the following duties:

- (a) to review the compensation philosophy and remuneration policy for employees of the Corporation and to recommend to the Board changes to improve the Corporation's ability to recruit, retain and motivate employees;
- (b) to consider the implications and the risks associated with the Corporation's compensation policies and practices;
- (c) to review and recommend to the Board the retainer and fees to be paid to members of the Board, members of committees of the Board, and chairs of the various committees of the Board;
- (d) to review and approve corporate goals and objectives relevant to the compensation of the Chief Executive Officer ("CEO"), evaluate the CEO's performance in light of those corporate goals and objectives, and determine (or make recommendations to the Board with respect to) the CEO's compensation level based on such evaluation;
- (e) to recommend to the Board with respect to non-CEO officer and director compensation including to review management's recommendations for proposed stock option, incentive awards, share purchase plans and other incentive-compensation plans and equity-based plans for non-CEO officer and director compensation and make recommendations in respect thereof to the Board;
- (f) to administer the stock option plan, restricted and performance award incentive plan and other incentive-compensation plans approved by the Board in accordance with their terms including the recommendation to the Board of the grant of stock options, restricted, performance or other awards in accordance with the terms thereof;
- (g) to recommend to the Board annually the Corporate Performance Measures and Payout Multiplier in respect of outstanding performance awards;
- (h) to determine and recommend for approval of the Board bonuses to be paid to officers and employees of the Corporation and to establish targets or criteria for the payment of such bonuses, if appropriate; and
- (i) to prepare and submit a report of the Committee for inclusion of annual disclosure required by applicable securities laws to be made by the Corporation including the Compensation Committee Report required to be included in the information circular – proxy statement of the Corporation and review other executive compensation disclosure before the Corporation publicly discloses such information.

The Compensation Committee is required to be comprised of at least three directors, or such greater number as the Board may determine from time to time. All members of the Compensation Committee are required to be independent, as such term is defined for this purpose under applicable securities requirements. Pursuant to the mandate and terms of reference of the Compensation Committee, meetings of the Committee are to take place at least one time per year and at such other times as the Chair of the Compensation Committee may determine.

Compensation Consultant or Advisor

Other than participation in the annual energy compensation survey conducted by Mercer Human Resources Consulting ("**Mercer**"), at no time in the most recently completed financial year of the Corporation has a compensation consultant or advisor been retained by the Corporation to assist the Board or the Compensation Committee to determine the compensation of the directors or executive officers of the Corporation.

In late 2011, the Corporation retained Ernst & Young (the "**Consultant**") to assist the Compensation Committee in reviewing certain elements of the Corporation's compensation program for its executive officers and employees. The Consultant's mandate was to compile and provide information to the Corporation regarding the material features of various long-term incentive plans being used by other entities operating in the oil and gas exploration, development and production industry in which the Corporation competes for staffing, and to draw comparisons of such plans to that currently being utilized by the Corporation. The review process resulted in the Corporation's adoption of a new form of Restricted and Performance Award Incentive Plan, which plan was approved by shareholders at the Corporation's 2012 annual meeting.

No fees were billed by any consultant or advisor for services related to determining compensation for any of the Corporation's directors or executive officers in the two most recently completed financial years.

Compensation Discussion and Analysis

Compensation Principles and Objectives

Our compensation program is based on a "pay-for-performance" philosophy which supports Crew's commitment to delivering continuous strong performance for its shareholders. Our compensation policies are founded on the principle that compensation should be aligned with the long-term interests of the Corporation's shareholders and enhancement in share value, while also recognizing that Crew's corporate performance is dependent upon the retention of highly trained, experienced and committed directors, executive officers and employees who have the necessary skill sets, education, experience and personal qualities required to successfully manage our business. Compensation of all executive officers, including the CEO, is based on the underlying philosophy that such compensation should be competitive with other corporations operating in the Canadian oil and gas industry and of similar size and complexity and should be reflective of the experience, performance and contribution of the individuals involved and the overall performance of the Corporation. Our program also recognizes that the various components thereof must be sufficiently flexible to adapt to unexpected developments in the oil and gas industry and the impact of internal and market-related occurrences from time to time.

Crew's compensation program for all of our employees, including our executive officers, is comprised of three principal components: (i) base salary, (ii) short-term incentive compensation comprised of annual discretionary cash bonuses, and (iii) long-term incentive compensation comprised of restricted and performance awards. Together, these components are designed to achieve the following key objectives:

- aligning the compensation framework so as to promote and support the Corporation's overall business strategy and long term strategic plans and objectives;
- to provide market competitive compensation that is substantially performance based by ensuring that a significant portion of annual (cash bonuses) and long-term (incentive awards) incentive compensation is tied to corporate performance and, therefore, is at risk (not guaranteed) and variable year over year;
- to provide incentives which encourage superior corporate performance and retention of highly skilled and talented employees; and
- to align executive compensation, particularly by awarding a significant portion of long-term incentive compensation in the form of performance awards, with corporate performance and therefore shareholders' interests.

The aggregate value of these principal components and related benefits is used as a basis for assessing the overall competitiveness of Crew's compensation package. The fixed element of compensation provides a competitive base of secure compensation required to attract and retain executive talent. The variable performance based, or "at risk" compensation, is designed to encourage both short-term and long-term performance of the Corporation. At more senior levels of the organization, a significant portion of compensation eligible to be paid is variable performance

based compensation which places a greater emphasis on rewarding executives for their individual contributions, business results of the Corporation and long-term value creation for shareholders. Awarding a significant portion of long-term incentive compensation in the form of performance awards provides, through the value of the Corporation's common shares and payout multiplier, a direct link between corporate performance and the level of payout received. If threshold performance is not met, the payout multiplier will be 0x and no payouts will be made under the performance awards.

Compensation Review Process

Methodology

When determining compensation, including the assessment of the competitiveness of the Corporation's compensation program, management and the Compensation Committee review the compensation practices of companies in its selected peer group. Each year, the total compensation for the executive officers is reviewed by the Compensation Committee and compared to the total compensation for executives holding similar positions with other intermediate oil and gas companies in the comparator peer group.

To provide benchmarking information, the Corporation obtains industry reports and general compensation surveys conducted by independent consultants which provide additional comparative information. During 2013, management and the Compensation Committee continued to utilize the independent "Mercer Total Compensation Survey for the Energy Sector", in conjunction with additional peer group information obtained from public disclosure documents, selecting comparable entities as the Corporation's comparator peer group and as the principal source of compensation information for our comparator group. These entities were chosen based on such criteria as: (i) the entities are industry peers; (ii) the production volumes, used as a measure of entity size, are comparable to Crew; and (iii) the peer entities compete for executive talent with Crew. At the time of establishment of 2013 base salaries, the analysis was based upon a comparator peer group having annual gross revenues in the \$100 to \$500 million range, daily production rates of 25,000 to 100,000 Boe/d or considered otherwise comparable to Crew in terms of scope and complexity. This 2013 comparator peer group consisted primarily of the following:

Comparator Group of Entities	
ARC Resources Ltd.	Nuvista Energy Ltd.
Baytex Energy Corp.	Paramount Resources Ltd.
Birchcliff Energy Ltd.	Perpetual Energy Inc.
Bonavista Energy Corp.	Peyto Exploration & Development Corp.
Legacy Oil and Gas Inc.	Sinopec-Daylight Energy Ltd.
Long Run Exploration Ltd.	Trilogy Energy Corp.
NAL Resources Management Ltd.	Whitecap Energy Inc.

These entities represent the "market" in which Crew competes for senior management talent and for which competitive information is available. Management and the Compensation Committee regularly review the comparator group and market data to ensure compensation effectiveness. Changes to the comparator group occur regularly given the nature of the oil and gas industry as companies merge, are acquired and change over time. In addition, changes to the comparator group may be made from time to time as recommended by management and approved by the Compensation Committee.

Performance

Together with the comparative data, the President and Chief Executive Officer annually assesses the individual performance and development of each executive officer, and recommends to the Compensation Committee the appropriate salary, annual incentive and long-term incentive for each individual. The Compensation Committee then reviews these recommendations, in conjunction with its own review of the Corporation's performance, executive performance, including that of the President and Chief Executive Officer and comparative data, and thereafter recommends to the Board of Directors the compensation package payable to the executive officers for the Board's review, discussion and approval.

In establishing overall compensation levels, the Compensation Committee first assesses performance at the corporate level. Measures commonly used by the Compensation Committee in assessing the performance of the

Corporation and its executive officers include: (a) total shareholder return; (b) absolute and per share production growth; (c) finding and on stream costs (for both current and longer periods); (d) recycle ratio; (e) overall and per share oil and gas reserve changes, looking at both proven and probable reserves; (f) operating costs and the change in operating costs per barrel of oil equivalent ("**Boe**") in the context of the overall market; (g) funds from operations per share changes; and (h) development and execution of corporate objectives and near and long term strategic plans. Finally, the Compensation Committee uses its experience and judgment in determining an overall compensation package for the Chief Executive Officer and other executive officers.

The Compensation Committee met in March 2014 to establish bonuses and long term incentive plan awards relative to 2013 performance. During the year ended December 31, 2013, we met our annual production target and executed on several material objectives, including the strategic acquisition of an additional 200 sections of land in our core North East British Columbia Montney area of operations. Crew increased its Montney production to in excess of 10,000 Boe per day in 2013 representing a 70% increase year over year. Crew's efficiencies have continued to excel with finding, development and acquisition costs of \$9.65 per Boe leading to a recycle ratio of 2.3x while increasing proved plus probable reserves per share by 28% in 2013, resulting in first quartile performance relative to the Corporation's 2013 peer group which includes the majority of those companies listed above under "Methodology".

Elements of our Compensation Program

The executive officers' compensation package provides a balanced set of elements designed to deliver the objectives of the compensation philosophy and includes strong performance orientation. The fixed elements, base salaries, savings plan and other typical employment benefits, provide a competitive base of secure compensation necessary to attract and retain executive talent. The variable elements, bonus and long-term incentives, are designed to balance short-term goals with the long-term interests of Crew and its shareholders and motivate superior performance. The long-term incentive plans also align executive officers with shareholders and helps retain executive talent. The combination of the fixed element and the variable incentive opportunities delivers a competitive, performance-orientated compensation package as compared to the comparator group.

Base Salaries

The base salary component is intended to provide a fixed level of competitive pay that reflects each executive officer's primary duties and responsibilities and the level of skills and experience required to successfully perform his role. The payment of base salaries is a fundamental component of the Corporation's compensation program and serves to attract and retain highly qualified executives. The Corporation intends to pay base salaries to its executive officers, including the Chief Executive Officer, that are competitive with those for similar positions within our selected peer group. For our executive officers, base salaries are targeted at the median to 75th percentile of our comparative peer group. Salaries of the executive officers, including that of the Chief Executive Officer, are reviewed annually by our Compensation Committee based upon a review of corporate and personal performance and individual levels of responsibility. Salaries for executive officers are not determined based on specific benchmarks, performance goals or a specific formula. The base salaries for the financial year ended December 31, 2013, were set to be competitive with industry levels and the Compensation Committee had regard to the contributions made by the executive officers. In assessing comparability, we relied upon salary and other remuneration data provided by Mercer as well as other compensation information obtained from public disclosure documents of comparable issuers. Consideration was given to the time period evaluated in industry surveys and public data and to the business climate applicable at the time with respect to industry demand for experienced personnel. There were no increases in salaries of the executive officers for 2013.

Short-Term Incentive Compensation – Annual Cash Bonuses

In addition to base salaries, the Corporation has a discretionary bonus plan pursuant to which the Board, upon recommendation of the Compensation Committee, may award annual cash bonuses to all employees, including executive officers. The bonus element of Crew's executive compensation program is designed to retain top quality talent and reward both corporate and individual performance during the Corporation's last completed financial year. To determine bonus awards for senior personnel, including the Named Executive Officers, the Compensation Committee considers both the executive's personal performance and the performance of the Corporation relative to its peers. In addition, the discretionary bonus plan is intended to help ensure that overall executive cash compensation (ie. salary and bonus) is comparable to the median to 75th percentile of cash compensation of executives at peer companies during the year in question. The amount of the bonus paid is not set in relation to any

formula or specific criteria but is the result of a subjective determination of the Corporation's and the individual's performance.

Personal performance of employees is evaluated by the Chief Executive Officer and is based on certain subjective factors such as demonstrated leadership and individual contributions to the success of the Corporation. Personal performance for each executive officer is evaluated by the Compensation Committee in consultation with the Chief Executive Officer and is based on a subjective analysis of the individual's contribution to the corporate performance of the Corporation. After assessing corporate and personal performance, the Compensation Committee reviews, at its discretion, such other factors it considers relevant to its decision as to whether bonuses will be payable and, if so, the amounts of such bonuses. The proposed bonus amounts for executive officers are then recommended by the Compensation Committee for review, discussion and approval by the Board of Directors.

In March, 2014, after the 2013 financial and operating results were finalized, the Compensation Committee met to assess annual bonuses to employees, including executive officers of the Corporation. In evaluating 2013 corporate performance, upon consultation with management, the Compensation Committee considered a number of the positive results achieved by the Corporation in 2013 including reserve growth on a gross and per share basis, top quartile finding, development and acquisition costs and recycle ratio, increased quarter over quarter production on a gross and per share basis and the successful execution of the Corporation's acquisition and divestiture program and strategic planning initiatives.

Based on the assessment of 2013 corporate achievements and personal performance, the Compensation Committee determined that the payment of annual bonuses were warranted. The annual bonuses paid to our executive officers for performance during 2013 averaged approximately 85% of their 2013 base salaries (2012 – 50%). The Board supported these recommendations of the Compensation Committee and subsequently approved the bonuses.

Long-Term Incentive Compensation – Restricted and Performance Awards

Executive officers, along with all of Crew's officers, directors, employees, contractors and other service providers, are eligible to participate in the Corporation's restricted and performance award incentive plan (the "**Restricted and Performance Award Incentive Plan**" or "**RPAP**"). Following our transition away from the historical use of our Option Plan, our RPAP now forms the basis of our long term incentive compensation program.

The Compensation Committee recommended to the Board the adoption of the RPAP following consultation with an independent advisor which assisted the Corporation in reviewing the competitiveness of the Corporation's long-term incentive compensation program relative to those provided by the Corporation's peers. Following completion of the review, the Compensation Committee concluded that the RPAP would serve as an effective retention tool and, in some cases, a more effective compensation mechanism than the historically used Option Plan to incentivize employees, officers and other service providers to the Corporation and better align the compensation of management and employees of the Corporation with the success of the Corporation and the creation of shareholder value over the longer term, which should be recognized in the trading price of the Common Shares. The Compensation Committee also concluded that the RPAP would result in less dilution to shareholders as the aggregate number of Common Shares that may be issued under the RPAP and Option Plan on a combined basis is limited to 9% of the outstanding Common Shares (as opposed to the 10% rolling limit provided in the Option Plan). In the case of performance awards, addition to time vesting criteria being satisfied, the award value is also dependent upon the satisfaction of performance criteria which is more onerous than the Option Plan which prescribes only time vesting. The RPAP is consistent with similar long-term incentive programs provided by a number of the Corporation's peers with whom the Corporation competes for top quality staff. Shareholders of the Corporation approved the RPAP at the annual and special meeting of shareholders held on May 24, 2012.

Restricted Awards ("**Restricted Awards**") and Performance Awards ("**Performance Awards**") (collectively, referred to as "**Incentive Awards**") are normally recommended by management and approved by the Compensation Committee upon the commencement of an individual's employment with the Corporation based on the level of responsibility within the Corporation. The Corporation's current policy is that additional grants are made on an annual basis to ensure that the number of Incentive Awards granted to any particular individual is commensurate with the individual's level or ongoing responsibility within the Corporation. The mix of Restricted Awards and Performance Awards will depend upon the level and nature of responsibilities of the particular employee, with a greater proportion of Performance Awards being allocated to executives and senior level employees. The Performance Awards, through the payout multiplier, provide a direct link to corporate performance and the level of

payout received. The payout multiplier is dependent on the performance of Crew relative to pre-defined corporate performance measures for a particular period and can be one of 0x (for fourth quartile ranking), 1x (for third quartile ranking), 1.5x (for second quartile ranking) and 2x (for first quartile ranking). For Incentive Awards granted in 2013, the Compensation Committee's practice was to weight the grants to executive officers as to 75% in the form of Performance Awards and 25% in the form of Restricted Awards, emphasizing the Corporation's philosophy to pay for performance. The Compensation Committee believes that the pay for performance orientation of the Performance Awards is aligned with shareholder interests. In considering additional grants, the Compensation Committee and the Board has flexibility in the determination of the size and mix of the Incentive Awards and assess all relevant circumstances, including the number of Options and/or Incentive Awards held by such individual, the implied value of the Options and Incentive Awards, the term remaining on such incentives and the total number of Common Shares reserved for issuance under the Option Plan and the RPAP on a combined basis. The size of the annual incentive award grant to individual executives is determined by considering individual performance, level of responsibility, authority and overall importance to the Corporation and the degree to which each executive's potential and contribution are considered critical to the long-term success of the Corporation. See "*Incentive Plans – Restricted and Performance Award Incentive Plan*" for a description of the detailed terms of our RPAP.

2013 Incentive Awards

In March, 2013, the Board of Directors, upon unanimous recommendation of the Compensation Committee, approved the annual awards under the RPAP. The following table details the Restricted Awards and Performance Awards granted to each of the Named Executive Officers in 2013.

Name	Restricted Awards (#)	Performance Awards (#)	Performance Awards as % of Total Award (%)
Dale O. Shwed	6,600	19,800	75
John G. Leach	4,800	14,200	75
Ken Truscott	4,800	14,200	75
Rob Morgan	4,800	14,200	75
Jamie L. Bowman	5,500	17,000	75

Note:

- (1) Of these amounts, 100% were granted effective April 1, 2013, other than in respect of Mr. Bowman which were effective April 9, 2013. The value of these grants is reported in the Summary Compensation Table below.

The Board of Directors, upon recommendation of the Compensation Committee, established the corporate performance measures listed in the table below (and the weighting of each measure) for purposes of calculating the payout multiplier in respect of the Performance Awards that were granted during 2013 based upon financial and operating results for the year ended December 31, 2013.

The Compensation Committee met in March 2014 to assess the Corporation's performance relative to the corporate performance measures listed in the paragraph above and to establish the payout multiplier for those Performance Awards that were granted during 2013 and vest as to one-third in 2014. The results of that assessment are as follows:

Corporate Performance Measure	Results / Quartile Ranking	Multiplier	Weighting	Weighted Multiplier
Relative Total Shareholder Return ("TSR") for the year ended December 31, 2013	Ranked 16 out of 24 member companies of the TSX Composite Oil & Gas Exploration and Production sub-index which the Board determined to be the Corporation's peers resulting in a Third Quartile ranking	1.0	25%	0.25
Relative Finding, Development and Acquisition costs ("FD&A") for the year ended December 31, 2013	\$9.65/boe ranked Crew in the First Quartile of its comparator peer group	2.0	15%	0.30
Relative Recycle Ratio for the year ended December 31, 2013	2.3x ranked Crew in the First Quartile of its comparator peer group	2.0	15%	0.30
Environment, Health and Safety based upon industry ranking	The Compensation Committee evaluated the Corporation's EH&S performance and assigned a Second Quartile ranking	1.5	10%	0.15
2013 Production Volume Percentage Increase (quarter over quarter)	Ranked in the Second Quartile of the Corporation's comparator peer group	1.5	5%	0.08
General and Administrative costs per Boe	\$1.86/boe ranked Crew in the First Quartile of its comparator peer group	2.0	5%	0.10
Development and Execution of Corporate Objectives and Strategic Plans	The Compensation Committee and Board of Directors evaluated Management's performance and assigned a Second Quartile ranking	1.5	25%	0.38
Total				1.55
Payout Multiplier				1.5x

For further information regarding the outstanding Restricted Awards and Performance Awards held by the Named Executive Officers, see "*Incentive Plan Awards – Outstanding Option-Based and Share-Based Awards*" and "*Incentive Plan Awards – Value Vested or Earned during the Year*" below.

Long-Term Incentive Compensation – Share Options

Executive officers, along with all of Crew's officers, directors, employees, contractors and other service providers ("**Optionees**") have historically participated in the Corporation's share option plan (the "**Option Plan**"). Following the Corporation's adoption of its Restricted and Performance Award Incentive Plan in 2012, and the phased-in use of the RPAP since its adoption so as to in effect replace the use of the Option Plan, the Board of Directors of the Corporation has determined not to put forth the Option Plan for its three year re-approval by shareholders of the Corporation at the Meeting. Accordingly, following the Meeting no further Options may be granted under the Option Plan without the approval of shareholders.

Group Savings Plan and Other Perquisites

The Corporation also provides executive officers, along with all other employees, with voluntary participation in the employee group savings plan and other employment benefits provided to employees are generally typical of those

provided by our peers in the Canadian oil and gas industry including life and disability insurance and extended health and dental coverage. See "*Incentive Plans – Group Savings Plan*".

Risk Implications Associated with Compensation Policies and Practices

As described herein, the Corporation's executive compensation program is administered by the Compensation Committee. In carrying out its mandate, the Compensation Committee reviewed the elements of compensation of the Corporation to identify any risks arising from the Corporation's compensation policies and practices that could reasonably be expected to have a material adverse effect on the Corporation as well as the practices used to mitigate any such issues. The Compensation Committee concluded that the compensation program and policies of the Corporation did not encourage its senior executives to take inappropriate or excessive risks. This assessment was based on a number of considerations including, without limitation, the following: (i) the compensation program of the Corporation attempts to achieve a balance between cash and equity compensation which are based both on individual and corporate performance, both financial and non-financial and the overall compensation program is market based and aligned with the Corporation's business plan and long term strategies; (ii) the Corporation's compensation policies and practices are generally uniform throughout the organization and there are no significant differences in compensation structure among the senior executives; (iii) in exercising its discretion under the cash bonus plan and restricted and performance award grants (and prior to transition to the RPAP, the Option Plan), the Compensation Committee reviews individual and corporate performance taking into account the long-term interests of the Corporation; (iv) awarding a significant portion of long term incentive compensation in the form of performance awards provides, through the payout multiplier, a direct link between corporate performance and the level of payout received. If threshold performance is not met, the payout multiplier will be 0x and no payouts will be made under the performance awards; (v) using a variety of measures to assess corporate performance, such as total shareholder return and profitability of investment; (vi) Incentive Awards (and prior thereto, Options) granted under the long-term incentive plans are generally granted annually and vest over a 3 year period which further mitigates any short-term risk taking potential; and (vii) results of annual assessments of personal contributions of senior executives' goals, objectives and performance are reviewed and considered in awarding compensation and such discretionary judgement is applied in awarding both discretionary bonuses under the cash bonus plan and future compensation.

Restrictions on Purchase of Financial Instruments

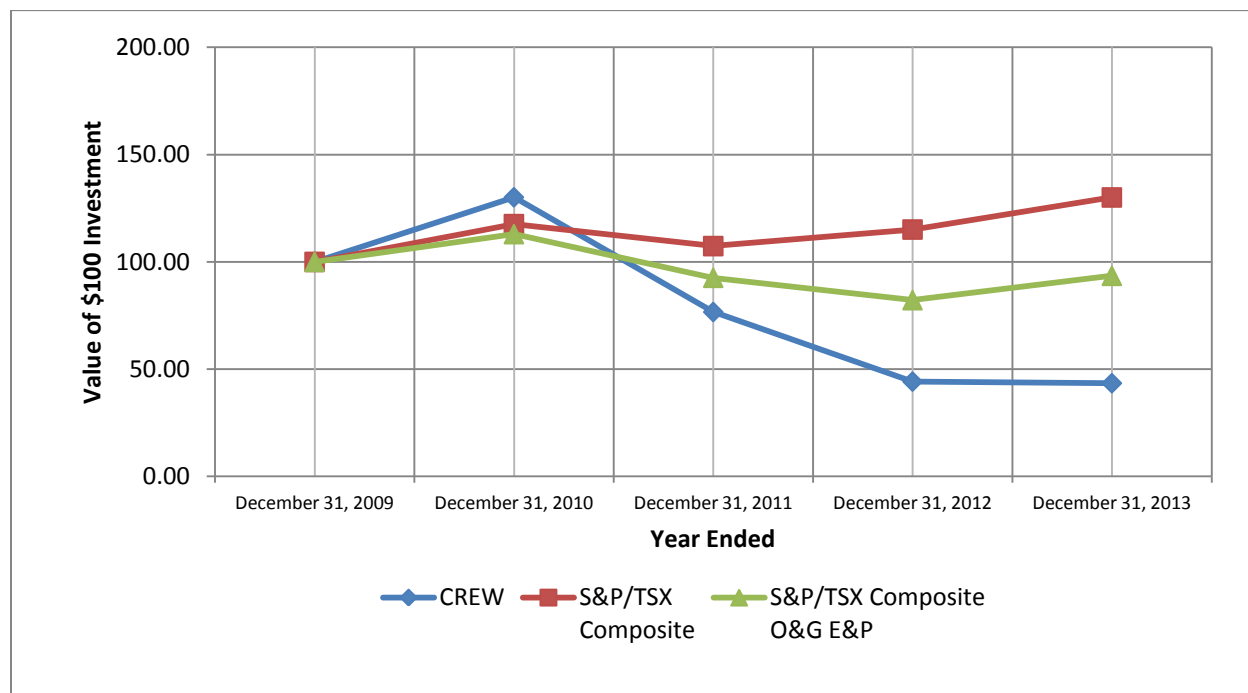

The Corporation's Disclosure, Confidentiality and Trading Policy provides that directors, officers and all employees of the Corporation, shall not knowingly sell, directly or indirectly, a security of the Corporation if such person selling such security does not own or has not fully paid for the security to be sold. In addition, the Disclosure, Confidentiality and Trading Policy provides that directors, officers and employees of the Corporation shall not, directly or indirectly, buy or sell a call or put in respect of a security of the Corporation. Notwithstanding these prohibitions, directors, officers and employees of the Corporation may sell a security which such person does not own if such person owns another security convertible into the security sold or an option or right to acquire the security sold and, within 10 days after the sale, such person: (i) exercises the conversion privilege, option or right and delivers the security so associated to the purchaser; or (ii) transfers the convertible security, option or right, if transferable to the purchaser.

Summary

The Corporation's compensation policies have allowed the Corporation to attract and retain a team of motivated professionals and support staff working towards the common goal of enhancing shareholder value. The Compensation Committee has reviewed the compensation regime and is satisfied that the current levels of total compensation are reflective of competitive market practices, align pay for performance with the interests of shareholders and support Crew's objective to attract, retain and motivate highly capable executive talent. Through the compensation program described above, a significant portion of the compensation for all employees, including executives, is based on corporate performance, as well as industry-competitive pay practices. The Compensation Committee and the Board of Directors of Crew will continue to review compensation policies to ensure that they are competitive within the oil and natural gas industry and consistent with the performance of the Corporation.

Performance Graph

The following graph illustrates the change in cumulative shareholder return as measured by the closing price of our Common Shares at the end of each of the financial years for the periods illustrated, assuming an initial investment of \$100 on December 31, 2009, compared to the S&P/TSX Composite Index and the S&P/TSX Composite Oil and Gas, E&P (sub-index), assuming the reinvestment of dividends where applicable.

	2009/12	2010/12	2011/12	2012/12	2013/12
Crew Energy Inc.	100	130	77	44	43
S&P/TSX Composite Index ⁽¹⁾	100	118	107	115	130
S&P/TSX Composite O&G, E&P Sub-Index	100	113	93	82	94

Note:

(1) Total Return Index.

Compensation levels for Named Executive Officers over the period indicated above generally corresponds with fluctuations in the total return on investment charted for the Corporation in the performance graph, reflecting the higher proportion of "at risk" compensation for the Corporation's Named Executive Officers in the form of Incentive Awards (and historically Option grants), with the value of such long-term incentives being directly affected by changes in share price. However, as described under "*Compensation Discussion and Analysis*", base salaries are not determined on benchmarks, performance goals or specific formula but are set to be competitive with industry levels. Discretionary cash bonuses may also be paid based upon a review of various operational and other objectives of the Corporation, the results of which may not have necessarily been reflected in the Corporation's share price in a particular year. In addition, the trading price of the Common Shares may be affected by various factors not related to the results of the Corporation such as changes in commodity prices and general economic conditions. Accordingly, it is difficult to specifically correlate total compensation to the trends shown in totality in the above performance graph.

Summary Compensation Table

The following table sets forth, for the years ended December 31, 2013, 2012 and 2011, information concerning the compensation paid to our Chief Executive Officer ("CEO"), Chief Financial Officer ("CFO") and the three most highly compensated executive officers (or the three most highly compensated individuals acting in a similar capacity), other than the CEO and CFO, whose total compensation was more than \$150,000 (each a "Named Executive Officer" or "NEO" and collectively, the "Named Executive Officers" or "NEOs").

- (1) This column shows the total compensation value that was awarded as Incentive Awards in the form of "restricted awards" and "performance awards" under Crew's Restricted and Performance Award Incentive Plan. The actual value realized pursuant to such restricted awards and performance awards may be greater or less than the indicated value. For additional information regarding the valuation methodology, see "*Incentive Award Valuation*" below.
- (2) Reflects "options" issued under Crew's Option Plan based on the grant date fair value of the applicable Awards. The grant date fair value for compensation purposes is calculated using Black Scholes option pricing methodology with the following assumptions: risk free interest rate 1.18% (2012 – 1.40% and 2011 – 2.47%), expected life 4 years, volatility 47% (2011 – 61% and 2010 - 60%), an expected dividend of nil and, an expected forfeiture rate of 16.2% (2012 – 16.5% and 2011- 16.4%). This methodology was selected due to its acceptance as an appropriate evaluation model used for similar sized oil and gas companies.
- (3) Reflects the cash amounts awarded to the NEO under the Corporation's discretionary cash bonus plan in respect of the year ended December 31, 2013 but made payable in 2014.
- (4) Amounts reflect monies paid by the Corporation as matching contributions to the Corporation's Group Savings Plan. The value of perquisites received by each of the NEOs, including property or other personal benefits provided to the Named Executive Officers that are not generally available to all employees, were not in the aggregate greater than \$50,000 or 10% of the NEO's total salary for the financial year.
- (5) Mr. Morgan was appointed Senior Vice President and Chief Operating Officer of the Corporation on July, 18, 2011. This table reflects salary actually received by Mr. Morgan during 2011 based upon an annualized salary of \$300,000.
- (6) Mr. Bowman was appointed Vice President of the Corporation on April 9, 2013. This table reflects salary actually received by Mr. Bowman during 2013 based upon an annualized salary of \$250,000.

Incentive Award Valuation

The Corporation's general practice is to grant restricted and performance awards on an annual basis. As a result of this practice, in 2013 Incentive Awards were granted on April 1. Each of the independent directors and the Named Executive Officers (other than Mr. Bowman) were recipients of the awards granted on April 1. As Mr. Bowman commenced employment with Crew following such date, he received his initial award on April 9, 2013.

For purposes of this executive compensation disclosure, the fair value of the Incentive Awards was determined by multiplying the number of restricted and performance awards granted by the weighted average trading price of the common shares on the TSX for the five-day period ended prior to the grant date. This calculation assumes a payout multiplier of 1x for the performance awards.

The fair value of the Incentive Awards presented in this executive compensation disclosure differs from the fair value determined in accordance with International Financial Reporting Standards ("**IFRS**") for financial statement purposes. Under IFRS 2 "Share-based Payment", the fair value of share awards is determined at the date of grant using the market price of the common shares and, for performance awards, an estimated payout multiplier.

The two main differences between Crew's approach to calculating the fair value of the Incentive Awards for purposes of this executive compensation disclosure and IFRS are the methodology used to value the underlying common shares and, for purposes of valuing the performance awards, the estimated payout multiplier. As stated above, Crew uses a five-day weighted average trading price, which is consistent with the approach it uses to value the Incentive Awards for income tax purposes. Under IFRS, the market price of the common shares on the date of grant is used.

Pursuant to the terms of the RPAP, the payout multiplier for performance awards is dependent on the performance of Crew relative to pre-defined corporate performance measures for a particular period and can be one of 0x (for fourth quartile ranking), 1x (for third quartile ranking), 1.5x (for second quartile ranking) and 2x (for first quartile ranking). For purposes of this executive compensation disclosure, the Compensation Committee determined to use a payout multiplier of 1x, being the mid-point of the low and high payout multipliers. Under IFRS, an initial estimated payout multiplier, based on historical performance, of 1.5x was used. This multiplier is adjusted on an on-going basis as new information becomes available. As there can be no assurance that future performance will match historical performance, the Compensation Committee prefers to use a mid-point payout multiplier. This approach is also consistent with the approach followed by other issuers in the peer group with similar plans and with the methodology specified in the RPAP for calculating the value of any performance awards granted to non-management directors.

The following table sets forth the fair values and payout multipliers used by Crew for this executive compensation disclosure:

Grant Date	Fair Value of Share Awards		Payout Multiplier for Performance Awards	
	Crew	IFRS	Crew	IFRS
April 1, 2013	\$7.27	\$7.17	1.0	1.5
April 9, 2013	\$6.62	\$6.59	1.0	1.5

Notes:

- (1) The Corporation's Option Plan and RPAP currently authorize the issuance of Options and Incentive Awards entitling the holders to acquire, in the aggregate, up to 9% of the issued and outstanding Common Shares from time to time. See "*Share Option Plan*" and "*Restricted and Performance Award Incentive Plan*".
- (2) The number of Common Shares issuable pursuant to the RPAP assumes a payout multiplier of 1x for the Performance Awards.
- (3) The Board of Directors of the Corporation has determined not to put forth the Option Plan for its three year re-approval by shareholders of the Corporation at the Meeting. Accordingly, following the Meeting, no further Options may be granted under the Option Plan without the approval of shareholders.

Restricted and Performance Award Incentive Plan

At the annual and special meeting held on May 24, 2012, the shareholders of Crew approved the adoption of a full-value award plan which permits the granting of Restricted Awards and Performance Awards to directors, officers, employees, consultants or other service providers ("**Service Providers**") of the Corporation and its subsidiaries. Listed below is a summary of the principal terms of the RPAP.

Overview

The principal purposes of the RPAP are to: (i) retain and attract qualified Service Providers that Crew and its affiliates require; (ii) promote a proprietary interest in Crew by such Service Providers and to encourage such persons to remain in the employ or service of Crew and its affiliates and put forth maximum efforts for the success of the business of Crew and its affiliates; and (iii) focus management of Crew and its affiliates on operating and financial performance and long-term total shareholder return and profitability.

The Board of Directors of the Corporation or any committee which may be delegated by the Board (the "**Committee**") shall have the authority to administer the RPAP.

Under the terms of the RPAP, any eligible Service Provider may be granted Restricted Awards, Performance Awards or a combination thereof. In determining the Service Providers to whom Incentive Awards may be granted ("**Grantees**"), the number of Incentive Awards and the allocation of the Incentive Awards between Restricted Awards and Performance Awards, the Committee may take into account such factors as it shall determine in its sole

discretion, including any one or more of the following factors: (i) compensation data for comparable benchmark positions among the Peer Comparison Group; (ii) the duties, responsibilities, position and seniority of the Grantee; (iii) the Corporate Performance Measures for the applicable period compared with internally established performance measures approved by the Committee and/or similar performance measures of members of the Peer Comparison Group for such period; (iv) the individual contributions and potential contributions of the Grantee to the success of Crew; (v) any bonus payments paid or to be paid to the Grantee in respect of his or her individual contributions and potential contributions to the success of Crew; (vi) the Fair Market Value or current market price of the Common Shares at the time of grant of such Incentive Awards; and (vii) such other factors as the Committee shall deem relevant in its sole discretion in connection with accomplishing the purposes of the RPAP.

Restricted Awards

Subject to the terms and conditions of the RPAP, Restricted Awards will entitle the holder to a sum (an "**Award Value**") to be paid in equal instalments as to one-third of the aggregate Award Value on each of the first, second and third anniversaries of the date of grant of such Restricted Awards (each a "**Payment Date**"). In the case of Restricted Awards, the Award Value is calculated at the Payment Date(s) by multiplying the number of Restricted Awards by the Fair Market Value of the Common Shares. The Fair Market Value is determined on the Payment Date as the volume weighted average trading price of the Common Shares on the TSX (or other stock exchange on which the Common Shares may be listed) for the five consecutive trading days immediately preceding such date.

Performance Awards

Subject to the terms and conditions of the RPAP, Performance Awards will entitle the holder to the Award Value to be paid in equal instalments as to one third of the aggregate Award Value on each of the first, second and third anniversaries of the date of grant of such Performance Awards. In the case of Performance Awards, the Award Value is calculated at the Payment Date(s) by first adjusting the number of Performance Awards to reflect a Payout Multiplier and multiplying the adjusted number of Performance Awards by the Fair Market Value of the Common Shares. The Fair Market Value is determined on the Payment Date as the volume weighted average trading price of the Common Shares on the TSX (or other stock exchange on which the Common Shares may be listed) for the five consecutive trading days immediately preceding such date.

The Payout Multiplier is determined annually by the Committee based on an assessment of the achievement of the pre-defined Corporate Performance Measures in respect of the applicable period. Corporate Performance Measures may include: relative total shareholder return; annual finding, development and acquisition costs; recycle ratio; activities related to the growth of Crew; average production volumes; unit costs of production; total proved and probable reserves; health, safety and environmental performance; the execution of Crew's strategic plan and such additional measures as the Committee shall consider appropriate in the circumstances. The Payout Multiplier for a particular period can be one of 0x (for fourth quartile ranking), 1x (for third quartile ranking), 1.5x (for second quartile ranking) or 2x (for first quartile ranking). For those Performance Awards where the Payment Date is the second or third anniversary of the grant date, the Payout Multiplier will be the arithmetic average of the Payout Multiplier determined for each of the two or three preceding fiscal years, respectively.

Method of Payment of Award Value

On the applicable Payment Date, the Corporation, at its sole and absolute discretion, shall have the option of settling the Award Value to which the holder of Incentive Awards is entitled in the form of either cash or in Common Shares which may either be acquired by the Corporation on the stock exchange on which the Common Shares may be listed from time to time or issued from the treasury of the Corporation, or some combination thereof.

The RPAP does not contain any provisions for financial assistance by Crew in respect of Incentive Awards granted thereunder.

Maximum Dilution - Limitation on Common Shares Reserved

The RPAP provides that the maximum number of Common Shares reserved for issuance from treasury at any time pursuant to outstanding Incentive Awards and pursuant to outstanding options under the Corporation's Option Plan on a combined basis shall not exceed, in the aggregate, a number of Common Shares equal to 9% of the number of issued and outstanding Common Shares.

Other Limitations on Incentive Awards

The aggregate number of Incentive Awards granted to any single Service Provider shall not exceed 5% of the issued and outstanding Common Shares, calculated on an undiluted basis. In addition: (i) the number of Common Shares issuable to insiders at any time, under all security based compensation arrangements of Crew, shall not exceed 9% of the issued and outstanding Common Shares; (ii) the number of Common Shares issued to insiders, within any one year period, under all security based compensation arrangements of Crew, shall not exceed 9% of the issued and outstanding Common Shares; and (iii) the number of Common Shares issuable pursuant to the RPAP to Non-Management Directors, in aggregate, will be limited to a maximum of 0.25% of the issued and outstanding Common Shares and the value of all Incentive Awards granted to any Non-Management Director during a calendar year, as calculated on the date of grant, cannot exceed \$100,000 (for purposes of monitoring compliance with these limitations, a Payout Multiplier of 1x will be assumed for any Performance Awards).

The Expiry Date of all Incentive Awards granted pursuant to the RPAP shall not exceed December 15th of the third year following the year in which the Incentive Award was granted.

Blackout Extension

If a Grantee is prohibited from trading in securities of Crew as a result of the imposition by Crew of a trading blackout (a "**Blackout Period**") and the Payment Date of an Incentive Award held by such Grantee falls within a Blackout Period, then the Payment Date of such Incentive Award shall be extended to the date that is the earlier of three business days following the end of such Blackout Period and the Expiry Date.

Change of Control

In the event of a Change of Control of Crew, the Payment Date(s) applicable to all outstanding Incentive Awards will be accelerated such that the balance of the Award Value attaching to such Incentive Awards will be paid immediately prior to the date upon which the Change of Control is completed.

Early Termination Events

Unless otherwise determined by the Committee or unless otherwise provided in an Incentive Award Agreement pertaining to a particular Incentive Award or any written employment or consulting agreement governing a Grantee's role as a Service Provider, the following provisions shall apply in the event that a Grantee ceases to be a Service Provider:

- (a) **Death** - If a Grantee ceases to be a Service Provider as a result of the Grantee's death, the Payment Date for all Incentive Awards awarded to such Grantee under any outstanding Incentive Award Agreements shall be accelerated to the cessation date, provided that the President and Chief Executive Officer of Crew in the case of a Grantee who is not a director or officer and the Committee in all other cases, taking into consideration the performance of such Grantee and the performance of Crew since the date of grant of the Incentive Award(s), may determine in its sole discretion the Payout Multiplier to be applied to any Performance Awards held by the Grantee.
- (b) **Termination for Cause** - If a Grantee ceases to be a Service Provider as a result of termination for cause, effective as of the cessation date all outstanding Incentive Award Agreements under which Incentive Awards have been made to such Grantee, whether Restricted Awards or Performance Awards, shall be immediately terminated and all rights to receive payments thereunder shall be forfeited by the Grantee.
- (c) **Voluntary Resignation** - If a Grantee ceases to be a Service Provider as a result of a voluntary resignation, effective as of the day that is thirty (30) days after the cessation date, all outstanding Incentive Award Agreements under which Incentive Awards have been made to such Grantee, whether Restricted Awards or Performance Awards, shall be terminated and all rights to receive payments thereunder shall be forfeited by the Grantee.
- (d) **Other Termination** - If a Grantee ceases to be a Service Provider for any reason other than as provided for in (a), (b) and (c) above, effective as of the date that is sixty (60) days after the cessation date and notwithstanding any other severance entitlements or entitlement to notice or compensation in lieu thereof,

all outstanding Incentive Award Agreements under which Incentive Awards have been made to such Grantee, whether Restricted Awards or Performance Awards, shall be terminated and all rights to receive payments thereunder shall be forfeited by the Grantee.

- (e) Non-Management Directors - If a Grantee who is a Non-Management Director ceases to be a Service Provider as a result of: (A) a voluntary resignation or voluntarily not standing for re-election as a director of Crew, such events shall be treated as a voluntary resignation under (c) above; or (B) failing to be re-elected as a director of Crew by the Shareholders, such event shall be treated as any other termination under (d) above.

Assignment Restricted

Except in the case of death, the right to receive the Award Value pursuant to an Incentive Award granted to a Service Provider may only be exercised by such Service Provider personally. Except as otherwise provided in the RPAP, no assignment, sale, transfer, pledge or charge of an Incentive Award, whether voluntary, involuntary, by operation of law or otherwise, vests any interest or right in such Incentive Award whatsoever in any assignee or transferee and, immediately upon any assignment, sale, transfer, pledge or charge or attempt to assign, sell, transfer, pledge or charge, such Incentive Award shall terminate and be of no further force or effect.

Amendment Provisions

The Committee may not, without the approval of Shareholders of the Corporation, make any amendments to:

- (a) increase the percentage of Common Shares reserved for issuance pursuant to Incentive Awards in excess of the 9% limit currently prescribed in the RPAP;
- (b) eligible participants under the RPAP that may permit the introduction or re-introduction of non-employee directors on a discretionary basis;
- (c) change any of the limitations on Incentive Awards described above under "*Other Limitations on Incentive Awards*";
- (d) extend the Payment Date of any Incentive Awards issued under the RPAP beyond the latest Payment Date specified in the Incentive Award Agreement (other than as permitted by the terms and conditions of the RPAP) or extend the term beyond the original Expiry Date;
- (e) permit a Grantee to transfer or assign Incentive Awards to a new beneficial holder other than for estate settlement purposes; and
- (f) change the amendment provisions of the RPAP.

Except as restricted by the foregoing, the Committee may amend or discontinue the RPAP or Incentive Awards granted thereunder at any time without shareholder approval provided that any amendment to the RPAP that requires approval of any stock exchange on which the Common Shares are listed for trading may not be made without approval of such stock exchange. In addition, no amendment to the RPAP or Incentive Awards granted pursuant to the Plan may be made without the consent of the Grantee, if it adversely alters or impairs any Incentive Awards previously granted to such Grantee under the RPAP.

Share Option Plan

Executive officers, along with all of Crew's officers, directors, employees, contractors and other service providers have historically participated in the Corporation's Option Plan. Following the Corporation's adoption of its Restricted and Performance Award Incentive Plan in 2012, and the phased-in use of the RPAP since its adoption so as to in effect replace the use of the Option Plan, the Board of Directors of the Corporation has determined not to put forth the Option Plan for its three year re-approval by shareholders of the Corporation at the Meeting. Accordingly, following the Meeting no further Options may be granted under the Option Plan without the approval of shareholders.

The Option Plan was historically used to afford persons who provide services to Crew an opportunity to obtain an increased proprietary interest in Crew by permitting them to purchase Common Shares and to aid in attracting as well as retaining and encouraging the continued involvement of such persons with Crew. The Option Plan is administered by the Board of Directors of the Corporation or a Committee of the Board of Directors appointed from time to time by the Board to administer the Option Plan (the Board of Directors or, if appointed, such Committee, is referred to as the "**Committee**").

The Option Plan, in conjunction with the RPAP, currently limit the number of Common Shares that may be issued on exercise of Options and Incentive Awards, on a combined basis, to a number not exceeding 9% of the number of Common Shares which are outstanding from time to time.

The number of Common Shares underlying Options granted pursuant to the Option Plan or any other security-based compensation arrangements of Crew including, without limitation, the RPAP: (i) issuable to any one Optionee may not exceed 5% of the outstanding Common Shares; (ii) issuable to insiders at any time shall not exceed 9% of the issued and outstanding Common Shares; and (iii) issued to insiders within any one-year period may not exceed 9% of the outstanding Common Shares. In addition, the number of Common Shares issuable at any time pursuant to Options to directors of Crew that are not officers or employees of Crew shall be limited to 1% of the issued and outstanding Common Shares. Options granted under the Option Plan are not assignable.

Options granted pursuant to the Option Plan have a term not exceeding ten years and vest in such manner as determined by the Committee. In the absence of any specific determination to the contrary by the Committee, Options will have a term of four years and will vest and be exercisable as to 1/3 on each of the first, second and third anniversaries of the date of grant, subject to acceleration of vesting at the discretion of the Committee. If an Option is set to expire within ten (10) business days following the end of a Black Out Period (as such term is defined in the Option Plan) and the Optionee is subject to the Blackout Period, the expiry date of the Option shall be extended for 10 business days following the end of the Black Out Period.

The exercise price of the Options granted pursuant to the Option Plan is determined by the Committee at the time of grant, provided that the exercise price shall not be less than the closing trading price of the Common Shares on the TSX (or such stock exchange on which the Common Shares may be listed) on the last trading day immediately preceding the date of grant.

In the event that an Optionee ceases to be a director, officer or employee of or service provider to Crew or a subsidiary of Crew for any reason, including without limitation, resignation, dismissal or otherwise but excluding death, the Optionee may, prior to the expiry date of the Options and within 30 days from the date of ceasing to be a director, officer employee or service provider, exercise any Options which are vested within such period, after which time any outstanding Options shall terminate. In the event of death of the Optionee, the Optionee's legal representative may, within six (6) months from the Optionee's death and prior to the Expiry Date, exercise the Options which are vested within such period, after which time any remaining Options shall terminate.

The Option Plan also provides that optionees have the right (the "**Put Right**") to request that the Corporation purchase each of their vested Options for a price equal to the difference, if positive, between the market price of the Common Shares on the day prior to the date of notice of exercise of the Put Right and the exercise price of the Option. The Corporation has the discretion not to accept any exercise of the Put Right. In addition, each optionee that exercises the Put Right may purchase Common Shares with the proceeds of the exercise of the Put Right at the market price of the Common Shares. The maximum number of Common Shares which may be issued under the Put Right is presently limited to 250,000 Common Shares.

Without the prior approval of the shareholders of Crew, the Committee may not (i) make any amendment to the Option Plan to increase the percentage of Common Shares issuable on exercise of outstanding Options at any time, (ii) reduce the exercise price of any outstanding Options, (iii) extend the term of any outstanding Options beyond the original expiry date of such Option, (iv) make any amendment to increase the maximum limit on the number of securities that may be issued to Insiders (as such term is defined in the Option Plan), (v) make any amendment to increase the maximum number of Common Shares issuable on exercise of Options to directors who are not officers or employees of the Corporation, (vi) make any amendment to the Option Plan that would permit an Optionee to transfer or assign Options to a new beneficial Optionee other than in the case of death of the Optionee, or (vii) amend the restrictions on amendments that are provided in the Option Plan. Subject to restrictions set out above, the Committee may amend or discontinue the Option Plan and Options granted thereunder at any time, without shareholder approval, provided that any amendment to the Option Plan that requires approval of any stock exchange on which the Common Shares are listed for trading may not be made without approval of such stock exchange. In addition, no amendment to the Option Plan or Options granted pursuant to the Option Plan may be made without the consent of the Optionee if it adversely alters or impairs any Option previously granted to such Optionee.

Cash Bonus Plan

The Corporation has established a discretionary cash bonus plan for its executive officers and employees based and dependent upon, among other things, the performance of both the Corporation and the individual for the applicable period. The Corporation's cash bonus plan is described under "*Compensation Discussion and Analysis – Elements of our Compensation Program – Short-Term Incentive Compensation – Annual Cash Bonuses*".

Group Savings Plan

The Corporation has a group retirement savings plan (the "**Group Savings Plan**" or "**GSP**") to assist employees in meeting their retirement and saving goals. Employees who join the GSP contribute a percentage of their gross salary to the GSP each pay period and Crew matches the employee contributions to a maximum of 7% of their gross salary. All employees are eligible to join the GSP and vesting of the Corporation's contribution is immediate. The GSP is administered for the Corporation by an independent third party retirement advisory firm. Generally, all contributions are allocated by the employee to either a registered retirement savings plan ("**RRSP**") or a spousal RRSP. Investment options under the GSP include a suite of professionally managed investment funds. The Corporation deposits contributions with the advisory firm on a semi-monthly basis and thereafter all investment decisions, transfer, withdrawal and other decisions are completed directly between the employee and the advisory firm.

Pension Plan Benefits

The Corporation does not have a pension plan or similar benefit program.

Termination and Change of Control Benefits

Crew has entered into executive employment agreements (the "**Executive Employment Agreements**") with each of the Named Executive Officers. The Executive Employment Agreements continue indefinitely until terminated in accordance with the terms thereof and the annual base salary prescribed thereunder is subject to annual review. The executive is entitled to participate in and receive all rights and benefits under any benefit plans maintained by Crew for employees generally and executive officers. All group benefits from employment, including short and long-term disability coverage, if any, cease on the executive's last day of active employment regardless of the reason thereof.

The Executive Employment Agreements may be terminated by Crew at any time for just cause and in such case the executive is entitled to payment of any pro rata annual base salary earned but unpaid through to the cessation date, any declared but unpaid cash bonuses and accrued and unused vacation and reimbursable expenses. The Executive Employment Agreements may be terminated by Crew without just cause upon payment of: (i) the pro rata amount of annual base salary earned to and including cessation of employment, accrued and unused vacation pay and reimbursable expenses and any declared but unpaid cash bonuses, and (ii) a retiring allowance (the "**Retiring Allowance**"). In the case of Messrs. Shwed and Leach, the Retiring Allowance is equal to two times the executive's then annual base salary plus 15% of two times the executive's then annual base salary to compensate for loss of benefits plus two times the average of any cash bonuses paid to the executive in the two years prior to the executive's cessation date. In the case of the other NEOs having Executive Employment Agreements, the Retiring Allowance is calculated in the same fashion as that of Messrs. Shwed and Leach, with the exception that the multiplier in each case is equal to one and one-half times.

In the case of Messrs. Shwed, Leach, Truscott and Morgan, in the event of a "Change of Control" (as such term is defined in the Executive Employment Agreements), the executive has the right, for a period of ninety days following the Change of Control, to terminate the Employment Agreement and be paid the applicable Retiring Allowance. In the case of the other NEOs having Executive Employment Agreements, in the event of a Change of Control, if within one year of the Change of Control an event or events occur that constitute "Good Reason", the executive has the right, for a period of ninety days following the event or events that constitute Good Reason, to elect to terminate the Employment Agreement and be paid the applicable Retiring Allowance. Good Reason is defined for these purposes as any adverse change by the Corporation and without the agreement of the executive, in any of the duties, powers, rights, discretions, salary, title, lines of reporting or the requirement that the executive be based anywhere other than the Calgary executive office on a normal and regular basis, such that immediately after such change or series of changes the responsibilities and status of the executive, taken as a whole, are not at least substantially equivalent to those assigned to the executive immediately prior to such change or any reason which would otherwise constitute constructive dismissal.

In each case in which the Retiring Allowance becomes payable, in order to receive same, the executive is required to provide a release in favour of the Corporation and its affiliates, in form satisfactory to the Corporation. In the event that the executive terminates the Employment Agreement following a Change of Control, the executive agrees, at the written request of the Corporation, to continue employment for a period of up to one month, at the executive's current compensation package, to assist the Corporation in an orderly transition of management.

Upon termination of employment of an NEO, there is no automatic acceleration of, or any other benefit relating to, any Options or Incentive Awards which may as at such date be held by the NEO, but certain of the Options and Incentive Awards are required to be exercised within a specified period of time upon an individual ceasing to be a service provider. Pursuant to the Option Plan, the Board may, at its discretion, accelerate the vesting of Options. Upon a "Change of Control" of the Corporation (as such term is defined in the option agreements) any unvested Options which may as at such date be held by an NEO are accelerated. Upon a "Change of Control" of the Corporation (as such term is defined in the RPAP) the payment date(s) applicable to all outstanding Incentive Awards which may as at such date be held by an NEO are accelerated to that date immediately prior to the date upon which the Change of Control is completed.

See the table below for the estimated incremental payments, payables and benefits to the NEO's pursuant to their Executive Employment Agreements assuming a termination or a change of control effective December 31, 2013. See "Incentive Plans".

Notes:

- (1) In the case of the Executive Employment Agreement for this individual, the payments or benefits are triggered if the executive terminates his employment within ninety days following a Change of Control.
- (2) In the case of the Executive Employment Agreement for this individual, the payments or benefits are triggered if the executive terminates his employment within ninety days following an event or events occurring within one year of a Change of Control which constitute Good Reason.
- (3) There is no automatic acceleration of Options in the event of a termination of employment or resignation of an NEO. Vesting of Options and the acceleration of vesting is at the discretion of the Board. Upon a Change of Control, any unvested Options vest and become immediately exercisable. If Options were accelerated by the Board in the event of a termination or resignation of the NEO, or in the event of a Change of Control, Options to purchase 351,000, 252,000, 252,000, 210,000 and nil Common Shares would have been accelerated in respect of Messrs. Shwed, Leach, Truscott, Morgan and Bowman, respectively, having the values set forth in the table above, at December 31, 2013, based on the closing price of the Common Shares of \$6.38 on December 31, 2013 less the applicable exercise price.
- (4) Upon a Change of Control, the payment date(s) for all outstanding Incentive Awards shall accelerate such that the balance of the award value attaching to such Incentive Awards will be paid immediately prior to the date upon which the Change of Control is completed and the payout multiplier applicable to any performance awards shall be determined by the Committee. The amounts shown in the table are calculated by multiplying the number of restricted awards and performance awards by the closing price of the Common Shares on the TSX on December 31, 2013 (being \$6.38). For performance awards, a payout multiplier of 1x is assumed.
- (5) In the case of resignation or termination by the Corporation for Just Cause (as defined in the applicable agreement), no amounts would be payable nor would there be any benefits receivable.

REMUNERATION OF DIRECTORS

The Compensation Committee is responsible for the development and implementation of a compensation program for the directors of Crew who are not also officers of Crew. Officers of Crew who are also directors are not paid any compensation for acting in their capacity as a director.

The main objectives of Crew's director compensation program are: (a) to attract and retain the services of the most qualified individuals; (b) to compensate the directors in a manner that is commensurate with the risks and responsibilities assumed in board and committee membership and at an appropriate level within the range paid to directors of an industry-specific peer group; and (c) to align the interests of directors with our shareholders. To meet and maintain these objectives, the Compensation Committee annually performs a review of the compensation program, which includes surveying the compensation paid to the directors of an industry-specific peer group (see "*Compensation Discussion and Analysis - Compensation Review Process*" for a listing of Crew's peer group members). The Compensation Committee recommends any changes to the compensation program to the Board for consideration and, where appropriate, approval.

For the fiscal year ending December 31, 2013, the independent directors of Crew received an annual cash retainer of \$10,000 for services rendered to the Corporation. Directors may also be reimbursed for out-of-pocket expenses incurred in carrying out their duties as directors. Each of the directors is also eligible to participate in the Option Plan and the Restricted and Performance Award Incentive Plan, respectively. The Option Plan currently restricts the number of Common Shares that may be reserved for issuance to non-management directors to 1% of the aggregate outstanding Common Shares. The RPAP currently restricts the number of Common Shares issuable thereunder to non-management directors to 0.25% of the aggregate outstanding Common Shares and the value of all Incentive Awards granted to any one non-management director during a calendar year, as calculated on the date of grant, cannot exceed \$100,000. Director compensation is reviewed annually by the Compensation Committee. No formal survey is utilized but management assembles public data of comparable entities to arrive at compensation at a comparable level. The Compensation Committee, among other things, utilized the Mercer Study to benchmark director compensation relative to the Corporation's peer group. The compensation philosophy for directors is similar to that for NEOs in that compensation includes a base retainer and participation under the long term incentive plans, the benefit of which are tied to shareholder return.

Directors' Summary Compensation Table

The following table sets forth for the year ended December 31, 2013, information concerning the compensation paid to our directors other than directors who are also NEOs.

The actual value realized may be greater or less than the indicated value.
- (3) Mr. Shwed, a director of the Corporation, is the President and Chief Executive Officer of the Corporation and is therefore also a Named Executive Officer. See "*Summary Compensation Table*" for information with respect to Mr. Shwed's compensation.

APPENDIX "A"

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 entitled "Disclosure of Corporate Governance Practices" ("**NI 58-101**") requires that if management of an issuer solicits proxies from its security holders for the purpose of electing directors that certain prescribed disclosure respecting corporate governance matters be included in its management information circular. The TSX also requires listed companies to provide, on an annual basis, the corporate governance disclosure which is prescribed by NI 58-101.

The prescribed corporate governance disclosure for the Corporation is that contained in Form 58-101F1 which is attached to NI 58-101 ("**Form 58-101F1 Disclosure**").

Set out below is a description of the Corporation's current corporate governance practices, relative to the Form 58-101F1 Disclosure (which is set out below in italics).

1. **Board of Directors**

(a) *Disclose the identity of directors who are independent.*

The following four (4) nominee directors of the Corporation are independent (for the purpose of NI 58-101):

John A. Brussa
Jeffery E. Errico
Dennis L. Nerland
David G. Smith

Mr. Brussa is Vice-Chairman of Burnet Duckworth & Palmer LLP ("**BDP**"), a law firm which receives fees for the provision of legal services to the Corporation. Institutional Shareholder Services Inc. ("**ISS**") classifies Mr. Brussa as an "Affiliated Outsider" due to his relationship with BDP. The Corporate Governance Committee has reviewed and considered this relationship and determined that it does not interfere with the exercise of Mr. Brussa's independent judgment in his role as a member of the Board.

Mr. Errico was appointed Lead Independent Director of the Corporation on March 6, 2014. See Item 1(f) below.

(b) *Disclose the identity of directors who are not independent, and describe the basis for that determination.*

Dale O. Shwed is not considered to be independent as Mr. Shwed is the President and Chief Executive Officer of the Corporation.

The following directors are presently directors of other issuers that are reporting issuers (or the equivalent):

In addition, other meetings of the independent directors may be held from time to time if required.

If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. The Chairman provides overall leadership to the Board without limiting the principle of collective responsibility and the ability of the Board to function as a unit. The Chairman endeavours to fulfil his Board responsibilities in a manner that will ensure that the Board is able to function independently of management and considers, and allows for, when appropriate, meetings of independent directors so that the board meetings can take place without management being present. The Chairman also endeavours to ensure that reasonable procedures are in place to allow directors to engage outside advisors at the expense of the Corporation in appropriate circumstances.

The Lead Independent Director's primary role is to act as liaison between management and the independent directors to ensure the Board is organized properly, functions effectively and independently of management and meets its obligations and responsibilities, including those matters set forth in the mandate of the Board. Among other things, the Lead Director assists the Chairman in endeavoring to ensure that the Board leadership responsibilities are conducted in a manner that will ensure that the Board is able to function independently of management. The Lead Director is to consider, and allow for, when appropriate, a meeting of all independent directors so that the Board meetings may take place without management being present and, if necessary, without the Chairman being present. The Lead Director is to endeavor to ensure that reasonable procedures are in place for directors to engage outside advisors at the expense of the Corporation in appropriate circumstances, subject to its prior approval and is to meet annually with each director to obtain insight as to where they believe the Board and its committees could operate more effectively.

While the Corporation does not currently have a formal orientation program for new directors, new directors are provided with access to all background documents to the Corporation, including all corporate records, prior board materials and copies of the mandate of each of the Board of Directors and each of the Audit Committee, Reserves Committee, Compensation Committee and Corporate Governance Committee and a presentation is made by management to new directors respecting the nature and operations of the Corporation's business. Such updates are conducted by senior levels of management with responsibility in the various areas under discussion. The Corporation

also encourages directors to attend, enrol or participate in courses and/or seminars dealing with financial literacy, corporate governance and related matters and has agreed to pay the cost of certain courses.

- (b) *Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.*

- (iii) *provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code.*

There have been no material change reports filed since the beginning of the Corporation's most recently completed financial year that pertain to any conduct of a director or executive officer that constitutes a departure from the Corporation's Code.

- (b) *Describe any steps the board takes to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest.*

In addition, in certain cases, an independent committee of the Board may be formed to deliberate on such matters in the absence of the interested party.

- (c) *Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.*

In addition to the Code, the Board of Directors has also adopted a "Whistleblower Policy" wherein employees, consultants and external stakeholders of the Corporation are provided with a mechanism by which they can raise concerns in a confidential, anonymous process. This policy can be found on the Corporation's website at www.crewenergy.com.

6. Nomination of Directors

- (a) *Describe the process by which the board identifies new candidates for board nomination.*

From time to time, the Board considers the procedural or substantive changes to increase its effectiveness. The Board considers from time to time whether a more formal assessment process should be instituted given the size of the Corporation and the composition of the Board. Nominations of persons for election to the board of directors of the Corporation (the "**Board**") may be made at any annual meeting of shareholders, or at any special meeting of shareholders if one of the purposes for which the special meeting was called is the election of directors. Such nominations may be made in the following manner:
 - (a) by or at the direction of the Board, including pursuant to a notice of meeting;
 - (b) by or at the direction or request of one or more shareholders of the Corporation pursuant to a proposal made in accordance with the provisions of the Act, or a requisition of a meeting of the shareholders of the Corporation made in accordance with the provisions of the Act; or

2. In addition to any other requirements under applicable laws, for a nomination to be made by a Nominating Shareholder, the Nominating Shareholder must have given notice thereof that is both timely (in accordance with paragraph 3 below) and in proper written form (in accordance with paragraph 4 below) to the Corporate Secretary of the Corporation at the principal executive offices of the Corporation.
3. To be timely, a Nominating Shareholder's notice to the Corporate Secretary of the Corporation must be made:
 - (a) in the case of an annual meeting of shareholders, not less than 30 nor more than 65 days prior to the date of the annual meeting of shareholders; provided, however, that in the event that the annual meeting of shareholders is to be held on a date that is less than 50 days after the date (the "**Notice Date**") on which the first public announcement of the date of the annual meeting was made, notice by the Nominating Shareholder may be made not later than the close of business on the tenth (10th) day following the Notice Date; and
 - (b) in the case of a special meeting (which is not also an annual meeting) of shareholders called for the purpose of electing directors (whether or not called for other purposes), not later than the close of business on the fifteenth (15th) day following the day on which the first public announcement of the date of the special meeting of shareholders was made.

The time periods for the giving of a Nominating Shareholder's notice set forth above shall in all cases be determined based on the original date of the applicable annual meeting or special meeting of shareholders, and in no event shall any adjournment or postponement of a meeting of shareholders or the announcement thereof commence a new time period for the giving of such notice.

4. To be in proper written form, a Nominating Shareholder's notice to the Corporate Secretary of the Corporation must set forth:
 - (a) as to each person whom the Nominating Shareholder proposes to nominate for election as a director: (i) the name, age, business address and residential address of the person; (ii) the principal occupation, business or employment of the person for the most recent five years, and the name and principal business of any company in which any such employment is carried on; (iii) the citizenship of such person; (iv) the number of securities of each class or series of securities in the capital of the Corporation which are owned beneficially or of record by the person or under the control or direction, directly or indirectly, of the person as of the record date for the meeting of shareholders (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice; (v) such person's written consent to being named in the notice as a nominee and to serving as a director of the Corporation if elected; and (vi) any other information relating to the person that would be required to be disclosed in a dissident's proxy circular in connection with solicitations of proxies for election of directors pursuant to the Act and Applicable Securities Laws (as defined below); and

In addition, a Nominating Shareholder's notice shall be promptly updated and supplemented, if necessary, so that the information provided or required to be provided in such notice shall be true and correct as of the record date for the meeting.

The Chairperson of the meeting shall have the power and duty to determine whether a nomination was made in accordance with the procedures set forth in the foregoing provisions and, if any proposed nomination is not in compliance with such foregoing provisions, to declare that such defective nomination shall be disregarded.

8. Notwithstanding the foregoing, the Board may, in its sole discretion, waive any provisions in this By-Law.
9. This By-Law was approved and adopted by the Board on April 16, 2014 (the "**Effective Date**") and is and shall be effective and in full force and effect in accordance with its terms and conditions from and after such date.
